

**Crafted
Precision**

A collection of high-quality PVCu doors individually designed and crafted for your home.

PVCu Collection

Door Styles

Introducing our collection of high quality PVCu doors, individually created to help you choose the perfect door for your home.

With styles to suit every type of property, traditional or contemporary, our doors are constructed from the highest quality PVCu to keep them looking good for years with only the minimum of maintenance.

Manufactured using state of the art techniques and materials, our doors have outstanding acoustic and thermal qualities and the latest security features for complete peace of mind.

Each door within the collection is custom built with the glazing option of your choice.

A browse through the following pages will reveal the stunning combinations possible with our unrivalled collection of decorative, coloured, bevel, Georgian bar, classic lead, sandblasted (etched) and resin bevel designs.

Each door panel carries its own "U value". For further information, please refer to the Virtuoso Doors technical information.

Due to the nature of our products and the limitations of the printing process, no liability can be accepted for the accuracy of the colours or designs depicted, which are intended for guidance only.

Colours

Laminated Colour Options

The 'Superior' colour range is a unique and exclusive collection of weatherable, durable and scratch resistant foiled PVC coloured options. The coloured foils are laminated onto the PVC substrate during the extrusion process and produce a permanent bond between the substrate and decorative foil.

Rosewood

Sherwood Oak

Irish Oak

Black-Brown

Anthracite

Chartwell

Colours are as accurate as the printing process allows. Other laminated foil colours available on request. NB. It is highly recommended that laminated woodgrain products should not be installed in south-facing locations.

Glass Collection

Lead & Film

This hand-applied technique replicates the look of stained glass windows.

Glass Bevels

A combination of hand-crafted glass bevels and lead added to a backing glass of your choice.

Etched Glass

Beautiful designs using the latest technology to reproduce what would have originally been manufactured using a sandblasting process.

Resin Bevels

We use the latest technology to create complex and delicate designs exclusive to this process.

Glazing Bar

This process incorporates PVC or aluminium bars encapsulated within the double glazed unit ensuring ease of cleaning.

Glass Tiles

These designs incorporate kiln fused glass tiles or sparkling bevels on a sandblasted pane.

Triple Glazed

Hand-assembled triple glazed units provide superior heat and sound insulation for your door.

Lead Finishes

Full design and reproduction service available, prices on request. N.B. GGF guidelines apply.

Lead is a natural product which when exposed to the environment will undergo certain atmospheric transformations. This is perfectly natural and will eventually settle down to take on a natural weathered lead appearance.

Backing Glass

Minster Stippolyte Cotswold Contora

Lead is a natural product, which when exposed to the environment will undergo atmospheric transformations such as oxidation. This is perfectly natural and will settle down to take on a natural weathered lead appearance.

All glazing styles depicted with an asterisk (*) require a backing glass.
